

Minutes of club meeting 1st February 2022

Meeting held at Roundhill W.M.C. - Start 8,00 pm

27 club members attended.

Apologies from Allan Marshall & Paul Larkman

1. We have 134 club members at this time.

2. The first cutting of the strip is to be 2nd February. We intend to have the strip rolled as soon as the grass is drier. Graham has caught 3 moles so far.

3. Article 16 - Adding control line is the only change. All Flyers **MUST** have competency, either by answering the '40 question' BMFA/CAA test or by passing the BMFA 'A' cert **BEFORE** Jan 2021.

4. Pandas field events 2022 Members were reminded to always check the web site for horde race days, as sometimes days have been changed at short notice,

15 - 18 Apr (Easter weekend) Static display at Elvington Air Museum - participants wanted

23 April (Saturday) Northern area achievement scheme event.

1 May BMFA Scale event

7 & 8 May Flight Fest - helpers required

15 May At 12 midday - BMFA attempt at a new word record for the number of aircraft in the air at the same time, currently 179

28 May (Saturday) All electric fly-in

29 May Retro/single channel - 10th Event

3 July Armed forces Day - Static show, a good variety of models are required - members please help.

21 August Chairman's fun fly day

3 & 4 Sept (Sat - Sun) Control line carrier deck event

4 Sept Pandas Fun/Scale event

5. Club meetings It was originally thought that we may have some meetings at the flying site during summer, but as the weather could be inclement, we decided not to.

6. Because we helped the film crew working in the park (we lent them a gate key & lost a Saturday's flying) they donated £200 to the club.

7. AOB None

Meeting closed at 8.31
