

Minutes of club meeting 1st March 2022

Meeting held at Roundhill W.M.C. - Start 8,00 pm

24 club members attended.

1. We have 139 club members at this time.
2. Allan has fitted new wheels to the main gate making opening & closing easier.
3. CAA - Martin has noticed that some 'RCC' are due for renewal.
4. Field events - include world record attempt (max number of models in the air at once). As yet we don't know how this will be measured.
5. BMFA are restructuring - will make no difference to us. Each area will be given a fixed amount + asked for a budget. It was noted that Buckminster was self funding. Subs could rise another £1 next year.
6. Centenary events. There will be an event at Buckminster + the world record attempt. Elvington museum static is not yet sorted.
7. April club night is to be a talk on some of our technical meanings, May club night will be 'Bring a model'
8. AOB None

Meeting closed at 8.46
